McGraw Escapes
"Bill" McGraw held in jail on charge of grand larceny, made his escape yesterday afternoon about 3 o'clock from the county jail. The turnkey was escorting the Kirk boy to the front of the jail, when McGraw made his escape. It is alleged that Joe Blazing, a fisherman, unlatched the lever from the outside, thus permitting McGraw to escape.
All Union Barber Shops will close Decoration Day at noon.

Knights Templar
Regular stated meeting of Maysville Commandery No. 10, this evening at 7:30 o'clock. Work in Red Cross. All Knights urged to attend.
C. P. RASP, E. C. P. G. Smoot, Recorder.
The W. Y. C. A. will hold a special meeting at the High School auditorium tomorrow morning at 9 o'clock. An interesting program will be given and outside people are urged to attend.

Registration Notice
All male persons residing in the county of Mason, who have, since the fifth day of June, 1917, attained the age of twenty-one years, shall be subject to registration in accordance with regulations prescribed by the president.
Each person will present himself to the Local Board for Mason County at Postoffice Building between 7 a. m. and 9 a. m. on June 5, 1918.
Mason County Local Board.

A STATEMENT
Mr. L. G. Maltby issues a statement regarding the West Fourth street accident in which Mr. Kreitz and himself were injured:
As there seems to have been a great deal of misrepresentation of facts regarding the smash up in which Mr. Kreitz and myself were the victims on May 12, consider it but just to ourselves that I make a statement. I don't propose to be both the victim and the goat. As I was driving out of Maysville in a buggy, directly in front of John Porter's residence on Fourth street, there were two cars at the curb drawn up in line. As I was passing these, as close to them as was practical, I saw a car coming at a high rate of speed. No horn was blown or warning given. I pulled as close in to the right as was possible. The oncoming car was zigzagging

ominously and was suddenly headed directly at my buggy, plunging through it and smashing it badly, likewise throwing Mr. Kreitz and myself into the street and injuring us painfully. With such force and speed did they strike us, that the driver was unable to stop his machine for some distance, finally running it into a ditch.
The occupants of the car were J. Y. Bailey, Charles Hopper, Jr., and "Buck" Wood.
L. G. MALTBY.
Superintendent James Broshears and his force of men are busy through the Fifth and Sixth Wards repairing and reshaping the crossings of the C. & O., especially the foot passages, which have been in a miserable condition since the trackmen raised and repaired the track, and after they are finished they will be in first class condition.

Yanks Inflict Heavy Loss
On Hun Troops—American Officer and Twenty Men Drive Back Hun Machine Gun Patrol—Time For Renewal of Hun Blow Believed Near.
Amsterdam, May 26—"Heavy losses" were inflicted upon the Americans on the Picardy front in the repulse of strong American patrol yesterday west of M. and M. It is claimed in a semi-official German report received today in Berlin telegram.
The report in the course of a description of yesterday's military operations says:
"West of Montdidier, strong American patrol advanced against our front. One American patrol was entirely cut up by our fire. The others were driven back by counter attack. The Americans thereby suffered heavy losses."
Washington, May 26—General Pershing's communique for Sunday, issued tonight by War Department, tells how an American patrol of an officer and twenty men in the Lorraine sector last night drove back an inflicted losses upon an enemy patrol armed with light machine guns and assisted by machine gun fire from the enemy lines.
The communique for Sunday delayed in transmission, says:
"Yesterday in Picardy our troops executed a successful silent raid and inflicted on the enemy a number of losses in killed and prisoners. There is nothing else of importance to report."
Following is today's statement:
"In the course of patrol encounters our troops drove back the enemy and inflicted a number of casualties. Last night in Lorraine one of our patrol consisting of an officer and twenty men gained contact with an enemy patrol of about equal strength which was supplied with light machine guns and assisted by machine gun fire from its own lines. In the fighting which ensued our patrol drove back the enemy killing several of them."
Still another week has passed and the German have not begun their expected new offensive against the Allied forces in Flanders and Picardy. And, as yet, there is no where any indication that it is the early intention of the enemy again to try to break the battle front and reach the channel ports.
It is not improbable however, that blow will be launched at any moment. Aviators whirling their way in reconnaissance behind the German lines still report a continuation by the Germans of their work of bringing up fresh troops, guns and stores for what is believed everywhere will be their greatest attempt to win a decisive victory.
Every hour is being utilized by them to strengthen strategic positions and every hour finds them the better prepared to withstand an enemy onslaught. The morale of the troops is of the highest and confidence reigns among the men of the unified command of General Poch that the enemy will not be able to carry out his program to the full and that whatever ground he may gain will be dearly paid for.

Commencement
Exercises of Maysville High School Will Be Interesting Feature Next Month.
The Commencement Exercises of the Maysville High School will be the interesting feature of next month, and the program, as arranged shows that there will be no deterioration from the splendid exercises of former years.
Almost the entire week of June 9, will be devoted to the closing. On Sunday evening, June 9, the baccalaureate sermon will be preached to the graduating class by Dr. Ben J. Bush of Lexington, and will be followed by the usual exercises of the eighth grade and other features and on June 13 the Commencement will be held at the High School auditorium, President Frank M. McVey of Kentucky University delivering the address to the graduates.
The following compose the Class of '18:
Blanche Anderson.
Edward Pickett Barbour.
William Roland Brittingham.
Frank Browning.
Maud Ella Brubaker.
Ellsworth Lynnwood Cablish.
Forest R. Cobb.
Marjorie Allen Egnew.
Marguerite Cummins.
Luella Greenlee.
Georgia Kathryn Hicks.
E. L. Hunter.
Louise Berdel Hunsicker.
Lucy Shelton Jones.
Ellen Kreitz.
Lucille Meredith Lewis.

Charles Grant Roe.
Hazel Mildred Shelton.
Corinna Louise Slye.
Margaret Alexander Smith.
Charles Daniel Snapp.
Clifford G. Thomas.
Fanny Thomas.
Edward Herbert Walton.
Eleanor Deane Wood.
John B. Zweigart.
The graduates of the Colored High School are as follows:
Henry Jackson.
Ambrosia Beckett.
Florence Lang.
Beatrice Mae Williams.
Mary Frances Ewing.
Clara Philip Hall.
Virgie Mae Blue.
Allen Porter Owens.
Nancy Cora Carter.
We have 25,000 rolls of wall paper made before the war, no advance also some of job lots. J. T. KACKLEY & CO. 22-24
Mrs. Woodron H. Taulbee entertained Saturday afternoon with a war brides party in honor of her guest, Mrs. Knight.

Eight Selectives
Who Were Rejected at Fort Thomas Will Probably Be Sent to Camp Zachary Taylor Wednesday—25 Men Will Leave.
The eight men who were rejected last week by the Medical Military Board at Fort Thomas will not be exempted from military service, but will be sent to Camp Zachary Taylor Wednesday with the fourteen other Mason county boys who are leaving then.
The following twenty-five young men are in the list that leave Wednesday:
Walter I. Nauman.
Roy Oliver Porter.
Charles B. Royce.
James Edward Newdigate.
Ray H. Bainum.
John L. Beffernan.
Ben F. Smith.
Verner W. Dunham.
Jesse Ellis.
Leslie T. Coulter.
Henry F. Jefferson.
Pierce Redmond.
Daymon Simpson.
Keith M. Davis.
Harry Ireton.
George Devine.
Picket Helmer.
Charles Craycraft.
John Clark.
Walter Hayes.
Elmer Workman.
William O. Jefferson.
Joseph Calvert, Ashby Porter and John Helfin will go as volunteers.
The Hilldale Community Sunday School generously contributed \$5 from their Sunday School fund to the Red Cross yesterday. Hilldale is one of our most patriotic precincts, and went over the top Saturday and is still coming.

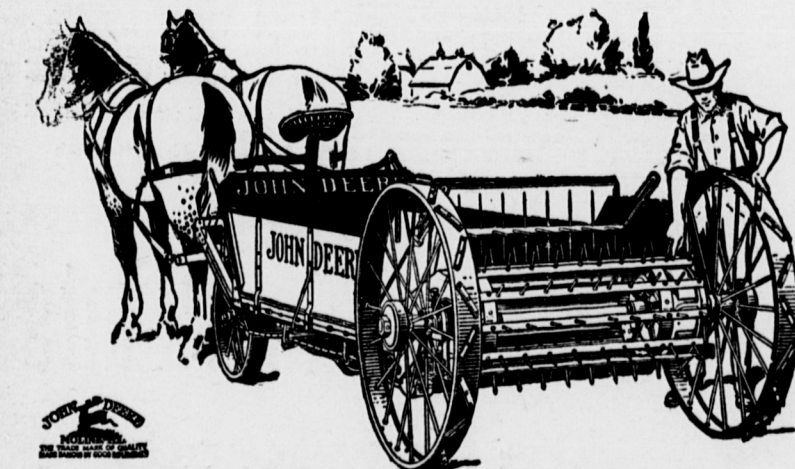

Take Volunteers Up to 55
Another move toward full utilization of the country's man-power was made when Secretary Baker sent to Congress the draft of a bill proposing to raise the maximum age limit for volunteers, for enlistment in the army from 45 to 55 years.
There probably are 7,500,000 between the ages of 40 and 55 and many thousands of them already attested their desire to serve by bombarding the department with applications.

Dangerous Accident
Yesterday morning while a West-bound train on the C. & O. was passing over Bridge street a door on one of the cars swung loose and struck one of the side girders, which tore the door off, it falling to the street below with a crash. This is a dangerous place to pedestrians or travel under this place while a train is passing over. Had this heavy door fallen on anyone it surely would have killed them.

INVEST Liberty Bond Interest

In War Savings Stamps

The State National Bank.

See That Beater!

It is mounted on the axle—no chains to give trouble—no clutches to wear out—extremely simple in design. With this exclusive construction there follows distinctive savings that can be gained in no other way—advantages that mean more years of service, lower cost of maintenance, greater ease of handling and better quality of work. You get extra value in the

JOHN DEERE SPREADER

The Spreader With the Beater On the Axle
Easy to Load from the front to the rear—only 38 inches to the top of the box. You see where every forkful goes. A boy can load it.
The Drive Wheels Are High. The draft is not sacrificed. High drive wheels save horseflesh.
The Beater Drive is durable and strong. It has the same principles, and is as simple as the triple-gear horse power. Gears are inclosed in a dust-proof case. They run in an oil bath. No dust or dirt can reach them.
Simplest Spreader Built. Only half the castings on it necessary on other spreaders. No clutches or chains. Main working parts mounted on the rear axle. They can't get out of line, cause binding, heavy draft and breakage.
A Boy Can Operate It. Tell him where to set the feed lever and he only needs to put the machine in and out of gear. That's all there is to it.
Revolving Rake Insures even spreading. No bunching or choking. Every foot of ground is covered—heavy or light, to meet field conditions. Wide-spread attachment can be furnished.
Straw-Spreading Attachment makes the John Deere a two-in-one machine. Only one man required to operate it. A thirty-minutes job to take attachment off spreader. Does perfect work in all kinds of straw.

We have a full line of quality implements we want to show you, including:
MIKE BROWN The Square Deal Man Of Square Deal Square

BIG FREIGHT WRECK

About 3:30 yesterday morning a long coal train on the C. & O. while going through Willow Grove, West of here, struck a bad rail, which broke, causing a wreck that completely tied up traffic for six hours. The West-bound track was torn up for a distance of eleven rail lengths, eight cars were wrecked and both tracks blocked. Two wrecking crews managed to open traffic on one track by 9 o'clock yesterday morning. No one was injured.

TWAS RED CARD DAY FOR THEM

Mr. George W. Royse and Mr. William Wells received red cards from the Police Department this morning. Both pleaded guilty to violation of the traffic ordinance and on the promise of both never to park wrong again, they were let off without having to shell out \$13.99. It costs \$13.99 to Jay Walk too.

AMERICANS FOR AMERICA!

We must not forget that the ancient of "America for Americans" holds good today, as it did in Washington's time. The entrance of the United States into a world war "to make the world safe for democracy" would be a colossal blunder if it meant a surrender of the independence and nationality of America to a league of nations founded on free trade and a removal of all trade barriers. The rights Americans are fighting for are human liberty and justice. They have nothing to do with tariffs and commercial and trade relations of a disorganization of social and industrial institutions. After the war our duty is to ourselves, and every arm of the government should be employed to protect ourselves not only with an army and navy, but with an adequate tariff.

One of the great dangers to this country today is the idea that we have outlived nationality and become one of a great family on nations dwelling in everlasting peace and harmony. When the spirit of nationality dies, the nation will die. When the vitality of achievement and the enthusiasm of national glory is gone, America is on the road to decay. William B. Guthrie, Professor of international law in the College of the City of New York, says: "Nationalism has its faults, yet it has been the greatest inspiring, transforming force in history. It promulgates religions, transforms national habits into great ethical systems; it immortalizes language, gives sacredness to literature, inspires poetry, sets throbbing the harpstrings of a people's melodies."

If the nation is to be swallowed up in a great world-wide alliance, founded on a composite patriotism and a conglomerate family speaking different tongues and having different ideas and levels of development, the struggles and sacrifices of our forefathers to build up a nation will have been in vain. If to this is to be added an assault, in the name of "democracy," on our fundamental institutions, the end is not far away. If peace to the world means a surrender of America and her long-established political, social, commercial and industrial glory, the time has come when real patriots should sound the alarm and save the Republic.

The Stars and Stripes on the battlefields of France are thrilling the fighting hosts of three nations, and tell the story of a world on fire in the cause of liberty; but when peace comes, and America shall have done her duty to humanity, the nation founded by Washington, presided by Lincoln, and defended by the boys in blue, will demand a restoration of the ancient landmark—"American for Americans."

When peace comes, the United States should be prepared to protect herself against her commercial foes from without, and her socialist foes within. In this way can our Republic be best fitted to serve humanity and help promote righteousness and justice among men.

A TRADE VIEW OF MR. HENRY

Francis J. Henry, who has been much in the limelight of late as the \$100-a-day attorney of the Federal Trade Commission, has suddenly resigned to conduct an active campaign for the office of Governor of California. The viewpoint of American business for some time has been that he should "stand not on the order of his going, but go at once."

It was impossible for fair minded men to commend the high handed methods of Mr. Henry. He was unable to depart from the actions of the criminal lawyer prosecuting a burglar before an ignorant jury. Although accepting a large salary he invariably assumed that success in business was prima facie evidence of guilt. He was unable to discriminate between profit and plunder. His recent fanatical performances were evidently too much for the national administration in view of the patriotic action of business men throughout the country in co-operating with the Government.

There probably never was a time when the industry and commerce of the United States were more ready and willing to accept Government regulation. Persecution of the Henry type has done infinite harm. The prosperity of the country depends upon the operation of the mills, factories, farms and farms. The correction of evils and institution of reforms should continue, but the remedies should not be more dangerous than the disease.

It is more than a suspicion that Mr. Henry desired to butcher business to make a California political holiday.—Shoe and Leather Reporter.

Senator Brandegee says that the members of the Senate remind him under present circumstances of the trained dogs in a performing circus. Now that the chautauqua business is petering out, this suggests a light senatorial recess occupation.

BURN WOOD AND SAVE COAL!

Look the situation squarely in the face; these are war times and our country is short of coal—50,000,000 tons short. We mined 50,000,000 extra tons last year—but it was all used in manufacturing ammunition and war supplies and in firing battleships and transports. We are still short of coal. The railroads can't possibly haul as much as we need. And we are facing another shortage next winter.

Part of this shortage must be made up by the use of wood instead of coal. There is plenty of wood in the eastern and northern states, millions of cords of it uncut, ready to be chopped. But it is practicable only for the use of farmers and villagers.

Munition plants cannot burn wood, warships cannot burn it, nor, because of the transportation problem, can people living in cities. It would not help matters to try to ship wood by rail. It is too bulky and cars cannot be spared for carrying it. You who live in the rural communities should cut wood for your next year's fuel. This is your job. You can save huge quantities of coal if you will cut wood, arrange your heating systems to burn it, and make it your business to see that your community is awake and doing its bit. The farmer who drives an empty wagon to town and drives back with a load of coal is driving in the wrong direction. He is a slacker. We don't need that kind.

The man who would like to burn coal because it's easier and handier, but who thinks enough of his country and the boys "over there," so that he shoulders his axe, spurs the winter wind and goes out to cut wood in order to save coal, is helping to fight the war.

Rural schools and churches, as well as homes, should restore the old

A THOROUGH TEST

One to Convince the Most Skeptical Maysville Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Maysville residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 5, 1912).

RESULTS THAT REMAIN

Over four years later, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent."

Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Gallenstein had—the remedy backed by home testimony. 50 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

wood pile and make themselves sure of warmth next winter. This country has lots of wood and lots of brawn and muscle with which to handle it. Don't allow this year's neglect to result in next year's suffering, when a little forethought and a little added energy will mean comfort in your own home and in that of your neighbor.

Start the movement. Tell other people about it. The progressive, patriotic men in each community must stir things up. Go to work now and see that enough wood is ready and seasoning for next year's use to take care of the community's wants.

This isn't a time to think of profits. Yet wood can be handled at a very attractive margin. You know your own local conditions better than anyone else. But whether you make a wood-cutting bee—or go at it as a business enterprise, CUT WOOD. DON'T FAID TO CUT WOOD!

"FOLKS WON'T BELIEVE ME SERIOUS," SAYS MRS. ROSELTH KNAPP BREED

I would like to catch the individual who first referred to me as "Boston's Woman Humorist" says Mrs. Roselth Knapp Breed who appears with the Crawford Adams Company at the Chautauqua. "I don't know exactly what I would do with him but I would make him feel that for once I was the most serious individual he had ever confronted. It isn't funny to be called a humorist and since that designation has been attached to me I find that folks refuse to take me seriously. Well, I don't know that I a great deal care, because I have always liked to make folks laugh, and I really think that the person who can make folks forget their troubles has a mission in the world just now. Goodness knows we have enough trouble without a lot of us who are presumed to be entertainers adding to the flow of tears, so if folks want to laugh at me and call me a humorist all right. I'll do the best I can to live up to the role. I am sure if I am half as funny as the things I see as I travel around the Chautauqua circuit folks are justified in laughing at me."

AMERICANS SOON TO BE SENT TO ITALY

Secretary of War Baker announced in an address in New York Friday night in celebration of Italy Day that American infantry, American machine gun units and American artillery soon would be fighting shoulder to shoulder with the Italians on their front.

A patriot is a man who keeps his tongue idle and his hands busy.

WAR TIME COMMUNITY CENTERS

"Every schoolhouse a community capitol and every community a democracy."

With this as his motto, Dr. Henry E. Jackson, of the Bureau of Education, of the Department of the Interior, has prepared a special war-time bulletin on "The Community Center: What it is, and how to Organize it." The bulletin was prepared for use in connection with the joint campaign conducted by the Council of National Defense and the Bureau of Education, to organize local communities for National Service. It will be distributed free.

In his bulletin Dr. Jackson says: "Our three most urgent national needs are to mobilize intelligence, food, and money. But it is not possible to mobilize them until we first mobilize the people. The Nation's present need has made apparent the necessity of organizing local communities. The Council of National Defense discovered it through its experience in the war. The Bureau of Education had begun the task before we entered the war. These two organizations have now united their forces for the accomplishment of their common purpose to promote community organization throughout the Nation. The slogan of the one is: Every school district a community council for national service. The slogan of the other is: Every schoolhouse a community capitol and every community a little democracy. President Wilson has clearly indicated the profound significance of this movement in the letter he wrote to commend it. "The creation of a democratic and intelligent social order is essentially the same task, whether our approach to it is local, national, or international. To establish free trade in friendship in all three communities is the goal of the community center movement."

"The post office, corner store, and saloon are passing as social centers, but they must be replaced with something better if they are not to be replaced with something worse. For only he can destroy who can replace. The public school therefore stands before an open door of opportunity to become a neighborhood club, where the people can meet on terms which preserve their self-respect."

"The schoolhouse used as a neighborhood club renders an invaluable public service. It seeks to create the neighborly spirit essential for concerted action. The means employed are various—games, folk dances, dramas, chorus singing—which require the subordination of self to cooperative effort, dinner parties, where the people break bread in celebration of their communion with each other as neighbors. These activities not only render a service to the individual by promoting his happiness and decreasing his loneliness, they discover in the community unsuspected abilities and unused resources. To set them to work not only develops the individual but enriches the community life."

"It thus becomes apparent that the neighborhood club furnishes the key to the possible solution of a variety of problems—the Americanization problem, for example. The object of the community-center movement is to achieve freeman's citizenship, both for native and foreign-born alike. But citizenship means membership. It is obvious that the teaching of English to aliens is not sufficient to make them members of America. To acquire the language as a means of communication with their fellows is, of course, a necessary preliminary. But it is only a means to an end. If they are ever to feel that they belong with us, the right hand of fellowship must be extended to them. The neighborhood spirit alone can create in them the spirit of America."

FOOT OUTVALVES HUSBAND

(New York Sun)

Verdicts my Supreme Court juries placed yesterday a value of \$30,000 upon a lost right foot and but \$25,000 upon the loss of a husband. The latter sum was awarded Mrs. Beckie Hohen by a jury in Justice Cohan's part as compensation for the killing of her husband Benjamin by a New York, Ontario and Western Railroad train at Mountaineer, N. Y., where he was proprietor of an inn. Witnesses testified that a flagman pushed him as he was about to leap aboard the moving train, throwing him between two cars.

The larger verdict, also given in Justice Cohan's part was returned in favor of Harry Stoffman, a shipping clerk in the Melrose Hospital Uniform Outfitting Company, which is filling a large Red Cross contract. Stoffman lost his right foot in an elevator accident in a building owned by the Childs restaurants, where he was packing cases.

"Keep a smile on your face till 10 o'clock and it will stay there all day"

—Says Douglas Fairbanks.

If there is anything that will put a "smile" on, outside of favorable—and more favorable—news from "over there" then it's an hour sitting at your Pianista—with the wonderful Ukulele attachment of an evening after a hard, strenuous, weary day of labor, of any kind.

To the manager, machinists, salesman, the iron worker, the farmer, the mother or wife, tired, nerve-racked every day workers of every kind, music gives rest, peace, happiness—all that is good and helpful and this is needed now, more than ever before.

Many a man and woman today can look back through the flight of time—20, 30, or 50 years—and see themselves as little "tots" standing by mother's side while she plays or sings "Sweet Hour of Prayer" or the "Last Rose of Summer," and that memory is the most dear to us and we would give all we possess to live over these evenings with mother.

In the spirit of recollection—live over again the revered "long ago music" dearer to you today than ever.

It's restful to tired, worn-out, nerve-racked humanity, whether they live in a mansion, flat or cottage—the result is the same and the cost of this wonderful rejuvenation is so moderate—less than \$500.00.

Can you afford it? Of course you can, as a good investment not only for yourself but for your family, as one and all can play the Pianista—any music they prefer.

Pianista \$465 and Up

GEM MATINEE ANTONIO MORENO in "The Naulahka"

FOURTH WARD Red Cross Committee is Doing Its Duty. ARE YOU doing YOURS?

Think of the Boys in France; They Need Your Help. It Is Your Duty to Give.

J. BARBOUR RUSSELL, Chairman.

PLEDGE WEEK---JUNE 24 TO 28

Upon advice of National Chairman F. A. Vanderlip and Federal Director J. D. Lyon, of the district embracing the State of Kentucky, the big June Drive, in which we are to secure pledges of the people for the balance of our quota of \$50,000,000, has been fixed for June 24 to 28 next, instead of June 3 to 8, as announced previously.

Kentucky will put it "over the top" in this big drive, which is to terminate on the 28th, and which day President Wilson will be asked to proclaim "National War Savings Day" throughout the United States. Governor Stanley will be asked to issue a proclamation for the State of Kentucky, and the Mayor of Louisville and of every city in Kentucky will be requested to issue a proclamation to the people of his municipality.

County Chairmen from over Kentucky assembled in Lexington on Friday and heard the details of the plan for the big drive from the lips of Federal Director Lyon, Chairman J. E. Kavanaugh, of the Section of State Organization, and Ward Burgess, of Nebraska, who originated the idea, and who secured pledges for the entire quota of the State during a week's drive similar to that which is to be put on in Kentucky in June.

TAKE ADVANTAGE OF MEETINGS OF KENTUCKY COUNCIL OF DEFENSE

War Savings workers throughout Kentucky will take notice of the splendid move of the State Council of Defense in calling War Conferences to be held at county seats throughout the State, beginning immediately, for the purpose of arousing the people to war conditions and enlisting their aid in the various Government and other valuable war activities.

Representatives of all war activities are urged and invited to participate in these Conferences and present their cause to those who are gathered together. These Conferences afford an especially splendid opportunity to War Savings workers in every county. Our campaign is on for the entire year. Many of these meetings will be held during the present month of May, and in such counties the County Chairman and his organization must co-operate most actively with the representative of the Council of Defense in getting up the drive. It is just ahead of us. Where the Conference is to be held in a county during the time of the Drive it will be a big booster for our activity, and where it is to be held afterward, during the summer it will help to keep up interest in ours as well as the other war activities, and will materially help in your follow up campaign to see that those who pledge themselves in the June Drive meet their pledges and keep on saving and buying Thrift Stamps and War Savings Stamps.

A general program has been mapped out by the Kentucky Council of Defense, which doubtless will be varied in different communities, as special speakers are secured for occasions. The general program is as follows:

10:00 a. m.—A mass meeting will be held and the program will consist of devotional exercises, community singing, and speeches by noted patriots, thinkers and orators.

1:30 p. m.—The fathers, mothers, relatives, and all members of the families of the soldier boys who are already in military service, as well as all those who have boys who will be in the approaching draft, are urged to attend this meeting. A special speaker, who is in touch with the war situation and who has a stirring message of patriotism, will address the meeting. The public is cordially invited to be present.

2:00 p. m.—Forum: Subject, "The Different War Organizations." Representatives of the different war organizations, including Council of Defense, Food and Fuel Administration, Liberty Loan, Women's War Work, War Savings, Red Cross, Knights of Columbus, Y. M. C. A., Four Minute Men, Chambers of Commerce, Educational and Agricultural Organizations and all other patriotic activities, are urged to be present and participate in the discussions. No representative should speak longer than ten minutes.

3:30 p. m.—Representatives of the different patriotic activities will be given an opportunity to call their workers into a special meeting for the purpose of studying their specific problems and perfecting their organizations.

7:30 p. m.—A mass meeting will be held and the program will consist of devotional exercises, community singing, patriotic music, and speeches by leaders of known reputation.

In presenting its program of exercises for the War Conferences, the Council of Defense puts it this way:

There is but one patriotic business before the liberty-loving people of the world today, and that is the movement of vanquishing an intoxicated militarism, of vindictive, perpetuating and defending human rights and liberties, and of carrying the flag of democracy to victory.

You can help win the war by attending the county war conference and studying the interpretations of the needs and the issues of the hour that will be made. You can help by using your influence in having a large delegation of citizens to attend from your community.

There is no one thing that will do more to awaken the patriotism of the people and make the Conference and all patriotic meetings a success than for the choirs of all the churches and the people of the entire community to assemble at mass meetings and engage in community singing. It is earnestly desired that the county council and all other patriotic organizations will get together in an earnest effort to develop community singing and make it a part of the program of the War Conference as well as a part of all patriotic programs which will be held from time to time in every section of the county. The Kentucky Council of Defense will furnish printed folders without cost containing the National Anthems and War Songs to all county councils desiring the same.

Continuing, under the heading, "Will You Help?" the Council of Defense sends out the following valuable suggestions:

The home can help by attending the Conference and by using its influence in having the members of every home to attend.

The school can help by organizing itself into a war of publicity committee with a view of promoting every war effort, developing a positive patriotism, practicing community singing, attending the war conference and participating in its work.

The church can help by delivering a patriotic sermon on the crisis of the hour, and by announcing the program of the war conference at its regular services, giving publicity to it and urging the people to attend.

The press can help by rendering invaluable assistance through its news and editorial columns, thereby giving publicity to the meeting and calling upon the people to give it earnest support.

The County Superintendent, who is a member of the Advisory Committee of the Council of Defense, can help by sending out a letter to the leading citizens of the county, especially to the trustees of the schools, calling their attention to the Conference and asking them to attend the Conference, to organize their school districts for the Conference, and to take advantage of the opportunities offered.

The farm demonstrator, who is a member of the Advisory Committee of the Council of Defense, can help by disseminating information among the masses and getting the agricultural organizations interested in the success of the meeting, and by participating in the program.

The high schools of the county and the county can help by practicing community and patriotic singing and adjourning on the day of the Conference and participating in the song service.

The different war organizations, including the Council of Defense, Food and Fuel Administration, Liberty Loan, Women's War Work, War Savings, Red Cross, Knights of Columbus, Y. M. C. A., Four Minute Men, Chambers of Commerce, Educational and Agricultural Organizations, and all other patriotic activities, can help by putting themselves affirmatively behind the Conference and using such influence as they have in making the work of all of the different war efforts a success.

The Woman's organizations of the county can help by putting their splendid organizations to work in an endeavor to make the meeting productive of the highest results.

The Commercial Clubs and Chambers of Commerce can help to do effective work by arousing and informing the citizenship of their community concerning the seriousness of the war as well as ways and means of winning it by using printed posters or placards in conspicuous places throughout the county.

Traveling men going over the county usually are most willing to render service by working up meetings.

The Four Minute Men can help by calling the attention of the people to the work of the Conference.

The Boy Scouts can help by advertising the meeting, by having demonstrations and carrying banners with appropriate mottoes and inscriptions upon them. Also in putting up placards and distributing advertising matter.

The different choirs of the different churches, as well as all of the people of the county, can help by getting together and practicing community singing with a view to making it one of the leading features of the Conference.

All others can help by talking about the Conference, by boosting it, and by getting the citizens of the county interested in it and its work.

Persons desiring further information concerning the War Conference, should address the Publicity and Speakers' Bureau Committee, Kentucky Council of Defense, Bowling Green, Ky.

IS THIS THE TIME TO FUSS ABOUT BABIES?

Why should we fuss about babies now? That is a question which women may well be asking, for they are busy with surgical dressings and knitting things essential to the comfort of the soldiers. But the peace of mind of the father who is soldiering in France depends on knowing that his helpless children at home are safe. And war conditions affect children in a hundred ways, although American children have escaped the more startling horrors which have darkened the lives of the children of war ravished France and Belgium.

The Children's Bureau of the U. S. Department of Labor has asked the men and women who are working to win the war not to forget the war time needs of all of America's children, whether their fathers are fighting for their country in the trenches in France or here behind the lines. It asks that the protection given all of America's children be increased now when the foundations of the country's future strength and democracy are being laid, for, "The health of the child is the power of the nation." This war time work for children is called Children's Year. Its goal is to save the lives of 100,000 children under five years of age during the second year of the war. This means the saving of one-third of the three hundred thousand lives of children under five which are lost every year in the United States. Authorities agree that at least half of these deaths could be prevented if knowledge of the best modern methods of child care and facilities for following out the directions given by skilled specialists were accessible to all children instead of to comparatively few. If America can prevent even part of these deaths she will have demonstrated her ability to get for her children a better chance of life and health.

England and France have realized that work for better children is vital war work and England has proved the value of what she has done by bringing down her baby death rate to the lowest point in her history. Their achievements are an inspiration to the eleven million women of the Woman's Committee of the Council of National Defense who have determined that 100,000 children's lives shall be saved in Children's Year. The Woman's Committee now has 9,790 local units. A constantly increasing number of these units are undertaking to forward work that will enable communities to give their children a better chance.

REMARKABLE REMARKS

(New York Independent)

Ed Howe—I don't care what some people think; they're wrong.

Ezra Pound—Her fingers were like the tissue of a Japanese paper napkin.

Baron von Wagnheim—What we have lacked hitherto has been a healthy national selfishness.

Gerald Stanley—I prophesy a school of prophets, of trained experts in the science of changing men's minds.

E-Ambassador Gerard—Of the six sons of the Kaiser there is not one who is malleable or unworthy, from the autocratic standpoint, to carry on the traditions of the house.

Herr von Oldenburg—The last picture must be put up to auction in Rome and the last franc must be taken from the French before we undertake to pay the costs of the war ourselves.

HOW BIRDS HELP TO CONSERVE THE COUNTRY'S CROPS

The protection of birds and the problem of food production bear a close relationship, according to E. H. Forbush, ornithologist of Massachusetts, in a talk recently given at the State College of Agriculture at Cornell.

So valuable are the birds in protecting crops from insect pests that without them the grass crop, which is the biggest of all crops the world over, would hardly be possible. The birds feed on the pests which kill the grass, especially those which eat the roots.

Dr. Forbush gives the birds a practically complete alibi as enemies of the farmer and backs his statements by so many specific instances in which birds have saved crops that those who heed his words will protect these feathered friends. Protection of the birds he says, is not merely a matter of sentiment, but has a fundamental economic basis.

Parent birds work incessantly to keep their young sufficiently fed. A young bird is about the biggest eater in the world. Audubon, the naturalist, declared a woodcock would eat its weight in worms in a night. It has since been shown that it will do better than this; and it will eat twice its weight in 24 hours. In proportion to its size, if a man needed as much food as a young robin, it is estimated that he would have to eat a bologna sausage 67 feet long and nine inches in circumference each day.

A farmer who thought the robins were pulling up his young cabbages learned from a student of bird life that the birds were pulling up only those plants which were dead; and this was to get at the wire worms at the root, which had caused the plants to die and which would destroy other cabbages if left alone. In another case a group of farmers thought the meadow larks were destroying their crops. An ornithologist persuaded one farmer to spare the larks on his place. The other farmers shot them. The result was that the man who spared the larks was the only one for miles around who had an oat crop. The birds killed the insects which destroyed the other crops.

A Massachusetts cranberry grower suffered heavy loss from a worm which ate the berries. He encouraged the birds to build in his bog and in a few seasons he found he was bothered not at all by the worms.

Birds may be encouraged to build in orchards by having suitable nesting boxes provided and by being protected from their enemies. Their presence will favorably affect fruit production. They also help save the trees, because there are various birds which protect different parts of the tree; some feed on the insects which work at the roots, some those which here into the bark, and still others those which eat the leaves.

It isn't all luck. Two men may work hard and one be rich and the other poor, because one has saved more than the other.

WORKING MOTHERS IMPERIL CHILD LIFE

Infant mortality is closely related to women in industry, according to opinions of trained investigators who are preparing to safeguard human life during the period of war-time demands on labor.

Dr. Jessica B. Peixotto, head of the Department of Child Welfare of the Woman's Committee, Council of National Defense, believes that mothers should be kept in the homes as far as possible. She discourages day nurseries, because of the greater danger of contagion when many children are together and for the reason that nurseries tempt needy women to wean their children in order to enter wage-earning occupations.

"You can not save babies if you can not give mothers advantages," Dr. Peixotto declared in discussing the conservation of child life at the Conference of Chairmen of the Committee's Department of Women in Industry.

Mrs. Arthur M. Dodge, who represented Connecticut at the conference, said that the day nursery is "an emergency expedient justified by the Nation's crisis." The Illinois Committee on Foreign Born Women in Industry made an investigation of 46 mothers employed at night in the Chicago stockyards, and Mrs. Raymond Robins, chairman of the Illinois Department, reported that, after a careful sifting of facts, four packing firms agreed to prohibit night work for mothers with children of school age.

AUTO RIDES SHOCK DOGS

(Los Angeles Times)

The Humane Animal Commission wants the Council to adopt an ordinance prohibiting dogs from riding on the fenders of automobiles. It is contended that the dogs suffer because of getting cinders and other things in their eyes, and that nerve shock often follows.

The man who makes up and finds himself famous is about as scarce as the one who gets rich over night.

"I SUFFERED SEVEN YEARS"

Was Eventually Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine, and without weakness or pain. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it."—Mrs. MARGARET NESS, 1846 E. Hazard St., Philadelphia, Pa.

Women who suffer from displacement, irregularities, inflammation, ulceration, backache, sideache, headaches or "the blues" should not rest until they have given this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for special suggestions. The result of its long experience is at your service.

MEMORIAL SERVICES LARGELY ATTENDED

The Memorial services at Beechwood Park yesterday afternoon were largely attended. The old veterans were out in force. The program was carried out in detail. The musical numbers were beautifully rendered.

The address of Hon. John P. McCarty of Flemingsburg, was greatly enjoyed by the large audience. Judge H. P. Purnell presided over the meeting.

SCIENCE TEACHER ELECTED

Superintendent W. J. Caplinger has secured the services of R. Foster Clark for Science and Athletic Instructor for the next school term. Mr. Clark is a graduate of Indiana University and was an excellent athlete there. He was a member of the varsity three years, Captain of basketball and basketball teams twice and lowered the inter-collegiate record for the mile run. He taught science for four years at the Bowling Green High School.

Mr. and Mrs. A. S. Best and daughter, Sarah Miller, of Millersburg, were guests of Mrs. Best's mother of Washington yesterday.

TWO MILLION

Railroad Workers Get General Pay Increase Announced by McAdoo—Deduct Amount Awarded Since December 1915.

Washington, May 26—General pay increases for nearly two million railroad employees were announced today by Director-General McAdoo, effective next Saturday, and retroactive to last January 1, carrying out substantially recommendations of the railroad wage committee. The aggregate of the increases probably will be more than \$200,000,000 a year, half of which will be distributed within a few weeks at back pay in lump sums ranging from about \$100 to nearly \$200 each.

The Director-General departed from the wages committee recommendations in the following particulars: The principle of the basis eight hour day, is recognized, but owing to exigencies of the war situation, hours of employment are not actually reduced and overtime is to be paid pro rata; future adjustments of pay are to be made on the basis of eight hours; in addition to the ordinary scale of increase, day laborers, employed mainly on track work, are to get at least 2 1/2 cents an hour more than they received last December 31; a minimum of 55 cents an hour is established for the shop trades including machinists, boiler makers and blacksmiths. Women are to receive the same pay as men for the same work and negroes are to get the same as white men for similar employment.

WILL BE SOLD JUNE 3d

Registered Short-Horn Cattle Have Passed the Tuberculosis Test and Will Arrive in Mason County in Time for Stock Sales.

The seven registered Short-Horn heifers and one bull, 8 to 14 months old, selected by the committee for the short horn breeders have all successfully passed their tuberculin test, and will arrive in Mason county in the next few days.

Much interest has been manifested by those desiring good females, in the Red Cross sale. This will be held Monday, County Court Day, June 3, in front of the Court House at 1 p. m. Sufficient money has been donated by the short horn breeders to pay for the purchase, handling and sale of these cattle. Mr. H. C. Hawkins has donated his services as auctioneer, the livery stables are giving space and those who will handle the cattle are giving their time free. The entire gross proceeds of the sale will thus be available for the Red Cross.

With the benevolent purpose of the sale in mind, coupled with the really high character of the animals to be offered it is assured that these cattle will bring their full value. They were selected by experienced breeders from the best herds of Ohio, because of their splendid pedigree, their excellent individuality and their value as progenitors of future generations of good cattle. In their excellence they will exceed any collection of short-horn cattle in Mason county. This is an opportunity which the breeders desiring to go into the raising of short horn cattle cannot neglect. Already the Red Cross has secured donations of live stock besides this cattle. Any one with cattle, horses, sheep or hogs, pure bred or grade, who desires to donate them to the Red Cross will have here an opportunity to see them sold to the best advantage. Communicate what you would like to donate to the Red Cross to W. W. Ball, Jr., Secretary, Maysville, Ky., that it may be properly advertised.

Yeoman Gordon Smoot returned to Newport, L. I., last night after a short furlough with his parents, Dr. and Mrs. P. G. Smoot.

KILLS THREE MEN

Believed Victims Had Reported Him As Eligible For Draft—Rushed to Jail by Sheriff After Surrender.

Grayson Ky., May 26—Melvin Collins, 23 years old, Olive Hill, today shot and killed Vint Carpenter, who was driving a team at the Hitchens fire brick plant, then entered the plant and shot and killed Cleveland Sparks, who was sitting at rest, and rushed into the brick machine department and shot and killed John Howard. The latter also was resting, awaiting his turn on machine work.

Collins tried to find another man, declaring he would kill him also, but he failed to find the man. Collins fled to a nearby farmhouse and barricaded himself and defied the Sheriff and posse who surrounded the house and prepared to burn it. Collins fired from the window and wounded Levi Shields in the hip. The Sheriff's officers fired as a man came from the house and wounded Tony Stephens in the side with shotguns. Stephens had entered the house to persuade Collins to surrender. He refused, and Stephens came out without giving notice to the Sheriff. Collins finally surrendered when the officers started to fire the house.

A great crowd gathered in Olive Hill, demanding the officers turn Collins over to them. The officers, seven of them in cars with guns drawn, rushed through the crowd and reached Callettsburg Jail with their prisoner, who is charged with murder. The people threatened to follow.

Circuit Court Judge Clico ordered Sheriff Flannery and Jailer McClave to remove Collins to another county jail tonight.

Collins had failed to register, declaring he was under draft age. He believed the men he killed had something to do with reporting him to the Government. A special grand jury has been called to meet next Monday at Callettsburg.

NOTICE TO ALUMNAE

To the Alumni of M. H. S. There will be a meeting in the High School building Tuesday, May 28, 7:30 p. m.

As commencement time is fast approaching we will not expect to have some six or eight meetings before we transact whatever business is necessary. All of this will be transacted Tuesday night at our first meeting. For that reason we will expect you to be present and assist in the organization and transaction of this business. We will be pleased if you will consider yourself a committee of one to remind other Alumni of the importance of attending this meeting.

Yours sincerely,
GEORGE BURROWS, Vice Pres.
Alumni Association.

Miss Jennie H. Moore of the Maysville School of Music announces a recital with her pupils for Tuesday evening, May 28, at 6:15 o'clock. Parents, friends and those interested are cordially invited to be present.

Mr. William Trouts and Mr. Paul Cullen are Flemingsburg visitors today in the interest of D. Hechinger & Co.

OUR COLORED CITIZENS

Miss Anna Kimbrough received word that her brothers, John and Spencer have arrived safely in France.

Mrs. Rena Bland of Washington, received a card from her husband yesterday John T. Bland announced that he had arrived safely over seas.

The Colored Auxiliary of the American Red Cross will have a mass meeting at Second M. E. Church tonight. Everybody is requested to attend. We are anxious to go over the top.

W. C. PATTON, Chairman.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household. My doctor advised me to take Vinol, and six bottles restored my health so I do all my household work, including washing. Vinol is the best medicine I ever used."—Alice Record, 437 So. 11th St., New Castle, Ind. We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions. John C. Peacor Drug Co., Maysville, Ky., and at the best drug stores in every town and city in the country.

Mrs. Amanda Frazee of Flemingsburg is the guest of Miss Anna McDougale and Mrs. John M. Frazee this week.

A fine Concert Grand Piano mahogany velvet finish. The tone superb. Price \$200. J. T. Kackley & Co.

Miss Ruth Pettigrew of Lynchburg, Va., is the guest of her sister, Mrs. John C. Burwell.

Mr. Charles B. Hunter and Mr. Andrew W. Taylor of Washington, have volunteered for tank work in the United States Service.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.
